PROTECT YOUR ONLINE WORLD WITH PANDA SECURITY'S NEW 2013 LINEUP

Panda Antivirus Pro 2013

Much more than a simple antivirus

Key features:

- ✓ **Antivirus.** Real-time protection against all kinds of known and unknown threats thanks to Panda's Cloud technology.
- ✓ **Firewall.** Block intruders and hackers, even on your wireless network.
- ✓ **Panda USB vaccine.** Protect your PC and USB drives from infections.
- ✓ **Multimedia/gaming mode.** Play safely and without interruptions. Your antivirus keeps watch without interfering with you.
- ✓ **Safe browser.** Shop and bank online with peace of mind.
- ✓ **Email, Web and forum technical support 24h-365d.** We are there to support you whenever you need us.

How would you want your antivirus to be?

Let us guess: You'll probably want it to be simple, cause no computer slowdowns and offer complete, hands-free protection against all types of threats. Our new 2013 antivirus solutions are just like that: designed especially for you.

Easy

Panda's new antivirus solutions are truly "install and forget". They are so simple to use that you won't have to worry about complicated decisions ever again.

Light

They protect you while you browse, play or work and you won't even notice they are there. They are incredibly light, as all scanning processes and updates take place in Panda's cloud.

Secure

They include everything you need to use the Internet with complete peace of mind: antivirus, firewall, anti-spam, identity protection, parental control, etc.

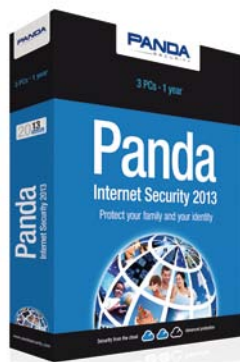

Complete

All our antivirus solutions include free, first-class technical support provided by security experts. Resolve your queries the way you prefer: send us an email, visit our website or use our forum.
