

# Panda Antivirus Pro 2012

## Essential Protection

Essential protection but more than a simple Antivirus!

The new Panda Antivirus Pro 2012 offers the easiest-to-use and most intuitive protection for your computer. Just install it and forget about viruses, spyware, rootkits, hackers and online fraud.

Chat, share photos and videos, bank and buy online, read your favorite blogs or surf the Web with total peace of mind and without interruptions.

Thanks to the Collective Intelligence technology, this product is safer, faster and more complete than ever.

## Maximum Protection

The Panda Cloud Technology offers a new protection model based on a user community where everyone contributes. Your computer will always be updated and protected. Additionally, your PC won't limit detection capabilities as Panda's huge virus detection database is located on the Internet (Cloud).

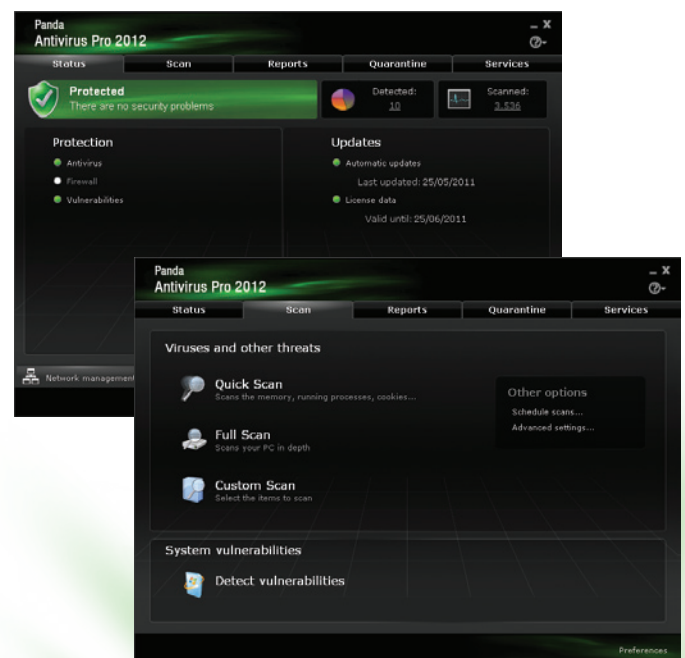

## Minimum Impact

Panda Antivirus Pro 2012 dramatically reduces resource consumption as the malware database is in the cloud, not on your PC. Also, its lightweight protection minimizes performance impact.

## Easy to use

Its intuitive interface is perfect for all types of users. Access all the information that you need with just one click.
